Credit card

Note about credit cards:

In order to be able to pay by credit card, it is necessary to verify your credit card. You will receive the necessary confirmation link with the next invoice.

The past contracting party explains that he delivers the existing contractual relation for the webhosting/account which is specified in the following to the new contracting party with all right and obligations. This also includes the transfer of the user ID, which contains the customer number. At the same time he explains that at present no invoice amounts for payment have to be paid. The new contracting party accepts the assumption expressly.
